# Essentials in Imaging Seminar

Physics | Anatomy | Physiology  
Scanning and Contrast Media Techniques

4<sup>th</sup> – 5<sup>th</sup> October, 2022  
Kuala Lumpur, Malaysia

## Speakers:

### Dr. Charbel Saade

Has been teaching radiographers for more than 10 years with the latest tips and tricks to reduce contrast media administration and radiation dose whilst maintaining image quality in CT and MRI. Has conducted more than 19 conferences over 10 years with more than 3000 participants to date to share knowledge with all. Charbel is heavily supported by industry as an independent Medical Imaging Expert who believes the truth lies in the patient by delivering quality imaging first time, every time!

### Ms. Jenny Chin

Ms Jenny Chin has more than 10 years of experience in corporate training delivering professional courses in Microsoft platform. She is a PSMB (Ministry of Human Resource's Pembangunan Sumber Manusia Bhd) certified trainer.
